WEBINAR ON:

SUPPORTING THE WHOLE CHILD DURING A PANDEMIC RESPONSE

Tuesday, November 17, 6-7pm EST

For Educators, Education Leaders, Directors, State and School Board of Education Members

REGISTER HERE

Please join Jess Lawrence from Cairn Guidance and Kevin Lorson from Wright State University for a webinar on a Whole School, Whole Community, Whole Child (WSCC) Toolkit developed by Cairn Guidance (info@cairnguidance.com) in partnership with NYC Department of Health and Mental Hygiene and NYC Department of Education's Office of School Wellness Programs.

The goal of the webinar is to introduce a toolkit and resource to encourage schools and districts to connect their restart/reopening/pandemic response to the WSCC approach. The toolkit is an exercise for schools to consider existing supports and services as well as new opportunities for school health through the lens of each WSCC component. The toolkit includes engagement activities for school & district staff to consider when implementing strategies and plans.
