LOOKING FOR A JOB?

- Manage your career path in one location.
- Evaluate your résumé to identify gaps in skills, experience or education.
- Search for job openings across Georgia (including outside GDOL).
- Upload, paste, or create up to 5 résumés.
- Customize a quality product to best market your skills, abilities, and career interests.
- Save your searches and create email alerts on a daily or weekly basis.
- Explore labor market information related to in-demand jobs, employers, and hiring and salary trends.
- Occupational information for Military services members and research to show how transferable skills relate to the civilian labor market.
- Explore next steps in your career based on successful transitions made by others.
