A career in dialysis plus a rewarding learning experience.

Join the ranks of India's premier dialysis provider

Would you like to be a part of the country's largest and fastest growing network of dialysis centers?

Would you like to become a specialist in the field of dialysis?

Do you believe that caring for patients and changing lives is your calling?

Then, Congratulations! You have found the right path for your dream career. Enpidia awaits you.

What is Enpidia?

Enpidia is a state-of-the-art training academy started by NephroPlus that churns out the finest dialysis technicians and nurses in the industry.

As NephroPlus expanded across the length and breadth of India, one challenge continued to bother us - the severe shortage of trained and certified dialysis staff. At NephroPlus, where patients are called 'guests', guest care always comes first. It is our belief that the people who actually interact with and care for guests are the most important among the entire team. And to ensure that we employ only the very best when it comes to guest care, we launched our own training academy.

Enpidia has tied up with BONENT, the reputed certification agency for dialysis technicians and nurses in the US. Additionally, we are empanelled with Bharat Sevak Samaj, Chennai, HSSC (Healthcare Sector Skill Council) and offer dialysis courses in association with this Government-recognized University.

During the last 5 years, we have trained more than 500 students and placed them successfully in our centers.

Why should you join Enpidia?

Apart from certifying you as a professional dialysis technician or nurse, Enpidia also offers you tremendous opportunities to learn and grow in your field.

- Training and certification from NephroPlus and BSS
- Curriculum as per international standards
- Latest international techniques and best practices
- A combination of theory and practical-based learning
- Lets you experience life at a real dialysis unit
- Earn while you learn: Up to Rs. 3000 stipend per month till end of 1st year and Rs. 7,500 from 2nd year onwards
- 100% Guarantee Job Placement for all eligible candidates
- Earn up to Rs.1,00,000/- as stipend & accommodation allowance

Empanelment

- HSSC (Healthcare Sector Skill Council) Affiliate exam support
- Board of Nephrology Examiners Nursing & Technology (BONENT) exam support.

Fistula simulator for cannulation

You will learn cannulation using an imported fistula simulator.
